Safety

A primary concern will be for the safety of our riders. We ask that all riders watch out for others as well as themselves. Some routes are on public roads and must be shared with motor vehicles.

Please slow down on hills. Most bicycling injuries involve head injuries. Therefore, we **require helmets, and headphones are prohibited** so that riders can hear other vehicles as well as other riders.

Routes

All routes are on paved roads or bike trails selected for safety and scenic vistas. Terrain will be rolling with some challenging hills. Routes will be marked.

We will have personnel to provide SAG service on all routes to aid in emergency situations and mechanical problems. Riders and their equipment are expected to be in condition to finish the ride on their own.

Rest Stops and Food

Rest stops will be located on your route maps and clearly marked. There will be a plentiful supply of nutritious, high energy food and drinks. Check your map for location of each rest stop. Your rider number will be your ticket for the rest stops.

A spaghetti supper will be served on Friday in the school Student Center from 4:00-6:30 p.m. payable at the door.

A brat and hamburger fry will be served in the school from 11:00 until 3:00 p.m. on the day of the ride, ala carte, payable at the door.
